Building Hope on Seen and Unseen Evidence
By Rev. Tim Ahrens

Each day we work together to make a difference in this world. Blessed by God and strengthened by our belief in doing the right thing for others, each of us works for health, hope and justice. There is an “un-” attached to so much we do—UN-insured people, UNder-insured people, UN-covered families, UN-fed, UN-cared for, UN is a word that undercuts our work. How do we discover Hope and work for justice in all of these Unseen places? We are called to heal the world. I will look at the seen and unseen evidence of Hope abounding in our lives and in our work for healing and health.
